**RESPONSE TO RESTRICTION REQUIREMENT****MAIL STOP: NON-FEE AMENDMENT**

Commissioner for Patents  
Post Office Box 1450  
Alexandria, Virginia 22313-1450

Sir/Madam:

In response to the restriction requirement set forth in the Office Action mailed January 19, 2004, Applicant elects with traverse Claims 64, 65 and 67.

The Examiner's requirement is respectfully inappropriate. It is submitted that a search of these claims would require a search of subject matter of the claims, and this election is not appropriate. For the Examiner to effectively examine this case a search will have to be done in all relevant subclasses. This would likely cover subject matter in the non-elected claims which are in the same class, and related subclass.

Serial No. 10/754,810

PATIENT  
Docket No. 54317-020301

Accordingly, the Examiner's request is burdensome, not only on the applicant and the public, as it would require multiple patents to cover the technology of the claims of the invention.

In view of the above, it is submitted that this application is now in good order for allowance, and such early action is respectfully solicited. Should matters remain which the Examiner believes could be resolved in a telephone interview, the Examiner is requested to telephone the Applicants' undersigned attorney.

Authorization is hereby given to charge any additional fees or credit overpayment to Deposit Account No. 50-2638. Please reference Attorney Docket Number 54317-020301 when charging any payments or credits in connection with this application.

Respectfully submitted,

Charles Berman
